1.2 THE PLAYING FIELD

- A. **Batter/Runner running toward 1st base:** Once reaching the halfway point between home and 1st, the batter must remain in foul territory until touching 1st base. **PENALTY:** Batter is OUT for interference if there is a play and the ball passes 1st ahead of the batter.
- B. **Double 1st base:** Defensive players must touch the white section of the base which is in fair territory. **PENALTY:** If, in the umpire's judgment, the defensive player obstructs the batter/runner by touching the orange bag, the runner will be called SAFE.
- C. **Home Plate Safety Zone:** A diagonal line drawn from the 30-foot commitment line on the 3rd base line to a point 8 feet from home plate along the scoring line. **PENALTY:** If the runner steps within the safety zone or on home plate the runner will be called out.
- D. **Batter's Box:** There are no defined lines for the batter's box. A batter is OUT for touching home plate or the mat at the same time he is hitting the ball. SSUSA Batter's box rules shall apply.

- C. **Running through a base:** If running through, runners MUST run wide and avoid the fielder(s). As much as possible, runners should run to the OPPOSITE side from the throw. Runners are safe when touching ground, even with or beyond the base, before a fielder either contacts the base with the ball or tags the runner.
- D. Runners running-through must return and re-touch the base before advancing. **EXCEPTION:** Runners over-running 1st base may advance without re-touching the base. **NOTE:** Umpires judge whether a runner has over-run (rounded) or run-through a base. Failure to re-touch is an appeal play.

- D. In games where more than 11 players on a team are available to play on defense, the team manager may elect to play less than three innings on defense to allow additional playing time for other players. When this happens, the team manager may bat in the lineup.

2.4 Managers will NOT encourage or direct a player to miss or not participate in a game.
Penalty: Illegal substitution and forfeiture loss of the game.

2.5 Withdrawing Players:

- A. Players leaving the game: Regular team members may leave a game for a legitimate unexpected reason (e.g., injury, illness, personal/family emergency) and they will be bypassed in the batting order with NO penalty. Once bypassed in the batting order, they may not re-enter the game. They may be replaced by substitutes. **X-REF:** *Substitutes Rule 2.7 below.*

If this causes the batting order to exceed the maximum defensive positions for the league and substitutes are being used, the last substitute player listed on line-up shall be dropped. Any runners on base are limited to one (1) base advance. **EXCEPTION:** New Club members, playing their first year in the Club, who are on the waiting list, are exempt from the above restrictions unless they had previously refused to play for a specific team.

Golden Seniors Softball Club
PLAYING RULES

2.8 Regular Season Substitutes: Potential substitutes must register with the scorekeeper before each game and be assigned by the scorekeeper through a random draw. A waiting list player signed up for any League always has priority over a rostered player from that League or another League within the Club. **EXCEPTION:** *The managers scheduled for the 1st game may prearrange for a league player substitute if LC confirms there are no waiting list players available.*
X-FER: 2.7 - Substitutes

2.9 Substitutes from other Leagues: Leagues may interchange substitutes provided LC confirms there are no waiting list players or substitutes available within that league and the league's age requirements are met. **X-FER:** 2.7 - Substitutes

2.10 Post Season Substitutes: Players on the league waiting list or team members of eliminated teams have first priority to substitute in post-season play. If none are available, members of other leagues may substitute provided league's age requirement are met. The LC or Club Commissioner must approve such substitute assignments, assuring the substitute(s) are rated lower than the missing team member(s). **X-FER:** 2.7 - Substitutes.

2.11 Replacement of players; temporary and permanent: As soon as it is known to the manager that a player will miss or has missed two (2) or more consecutive games, the manager is required to request a replacement player. **PENALTY:** If the manager fails to request a replacement player, the League Commissioner, through the Player Agent, is authorized to assign a temporary replacement player, from the waiting list in chronological order, without the manager's concurrence.

2.12 Games missed without notifying manager: If a player misses two (2) or more games non-consecutive games without notifying the manager in advance, the manager should take action to determine the reason, and may request a replacement player if the player fails to honor this commitment.

2.13 Waitlist Player Assignment: The League Commissioner, through the Player Agent, is authorized to assign replacement players from the waiting list on a chronological basis. Initial assignments must be temporary so as to evaluate the waiting list players' ability before a permanent assignment is made.

2.14 No Waiting List Players: When there are no members on the waiting list and a team has lost a player permanently who was a 1st or 2nd round draft selection, the team manager may recruit a new player who will be permanently assigned to that team. If a team loses a player permanently, who was selected in the 3rd round or lower, the manager may recruit a new player to be a temporary assignment so as to evaluate the ability of that player before a permanent assignment is made.

2.15 Permanent Replacements Players: The main objective of the LC in making permanent assignments is to maintain balance and parity among the teams throughout the league as much as possible. Before making a permanent assignment, the LC should obtain the concurrence of the assignment from a majority of the team managers in that League. This concurrence should not unreasonably be withheld.

Golden Seniors Softball Club
